Help preserve our heritage by providing financial support as a member of the PLC, volunteering in the office or in the field or becoming a land donor or a conservation easement donor through planned giving. By joining the PLC, you will have the opportunity to serve on various committees such as our Stewardship Committee, Land Protection Committee or even our Executive Committee. If you have a special skill, there will be many opportunities to help us in the field by transplanting, prairie and tree planting, land stewardship and planning, or if your skills are computer, arts, graphics, writing, or just about anything, we can use you!
